Seemingly Beyond Control.

Odessa, Nov. 2, 10 a. m.—The situation remains serious in the extreme and the fighting is being kept up.

Revised estimates of yesterday's casualties give the killed at five hundred and the wounded at 1,500. The victims were mostly Jews and students who died while trying to defend the members of the hated Hebrew race.

Absolute anarchy reigns. Several hundred shops have been pillaged, and the mob is uncontrolled. The authorities apparently have abdicated. The streets are patrolled by Cossacks, but they are indifferent to the work of the pillagers. The estimate of the damage wrought by the mob places the figures at \$5,000,000.

Serious outbreaks are reported from Nicolaief, Kherson, and Sevastopol.

BLOODSHED AT WARSAW.

Score Killed and Many Wounded in Encounter Last Night.

Warsaw, Nov. 2.—Twenty persons were killed and upwards of a hundred wounded last night between the mobs and the troops. At ten o'clock a crowd gathered before the town hall and demanded the release of political prisoners. The chief of police liberated 300 who had been arrested during the last few days, but refused to release 12 who were arrested by order of the central

government. The crowd then commenced to smash the doors and windows of the town hall, whereupon the chief of police telephoned the barracks for assistance and a force of hussars and Cossacks with a battery of artillery galloped to the scene. The hussars charged the mob, killed 10 persons and wounded 75. Later there was an encounter between infantry and a mob in the bank square, when the troops fired into the crowd, killing four and wounding 30.

GRAVE SITUATION.

Brute Forces Again Face Each Other, Says Correspondent.

London, Nov. 2.—According to the St. Petersburg correspondent of the Daily Mail the revolutionaries demand the establishment of a republic and as the result of this demand, the strong arm of Gen. Treppoff has again been invoked. Thus, says the correspondent, brute force and popular sedition are again facing each other. Even the appointment of Grand Duke Michael as military dictator with Gen. Treppoff as his right hand man, is discussed in official circles, according to the correspondent who adds that late last night the revolutionary leaders advised the populace to refrain at present from precipitating a conflict.

The correspondent of the Daily Mail at Kiel in a despatch dated November 1 says: "The governor-general has resigned, because he was not permitted to take strong measures to prevent the riots. Indescribable scenes occurred last night, when the mob invaded the town hall and tore down the portrait of the Emperor. The troops fired ten volleys into the mob, killing forty persons. Three hundred of the rioters were arrested. During the conflict the troops were dismounted, thrown to the ground and many of them shot."

"It was a lawyer named Rattner who cut the Emperor's portrait from its frame, hacked out its face, put his head through the opening and hurled the mob from the balcony of the town hall. Today a band of workmen invaded Rattner's house and tore him to pieces."

MAN KILLED, WIFE ESCAPED.

Automobile Accident Caused by Tire Slipping Off.

Philadelphia, Nov. 2.—James H. A. Brooks, a well known manufacturer of this city, was killed; Michael G. Price, a business associate, was seriously injured, and their wives were painfully hurt in an automobile accident yesterday near Absecon, N. J., about fifty miles from here. The accident was caused by a tire slipping off one of the rear wheels of their automobile while they were riding at high speed. The party was on its way to Atlantic City from this city. Mr. Brooks operating the machine. About three miles north of Absecon on a good stretch of road, Mr. Brooks, according to witnesses, increased the speed of the automobile. Suddenly the machine was seen to slow up and in the next instant it turned over. Mr. Brooks was found dead, buried under the wreckage, and Mr. and Mrs. Price was held fast by a part of the broken machine. Mrs. Brooks was hurled to the side of the road, where she lay unconscious. Farm hands who went to the scene raised the wrecked automobile sufficiently to take out the victims, and physicians were summoned. The victims were taken to a nearby house.

An examination showed that Mr. Brooks had been killed instantly. Mr. Price sustained a fracture of several ribs and is internally hurt, while his wife received several lacerated wounds of the head and numerous contusions about the body.

Mrs. Brooks was slightly cut on the face. She is suffering from shock, but was able to return to this city last night.

SURE OF MURDERER.

Says Attorney in the Triple Murder Case.

Middletown, N. Y., Nov. 2.—Assistant District Attorney Rogers announced last night that sufficient evidence had been secured to convict Charles Henry Rogers of this city of the murders of Fred and Willis Olney and Alice Igerick, and the numerous assault on Mrs. Georgia Igerick, mother of the girl Rogers, who was a motorman on the electric railroad here, disappeared soon after the murders. He is also charged with issuing worthless checks about the time of the murder and a reward of \$1,000 recently was offered for his arrest for grand larceny. A reward of \$500 was also offered by the county authorities for the conviction of the murderer.

Rogers' parents reside near the scene of the crime. His wife has been removed by the authorities to some place outside the city, the location of which they refuse to divulge.

There is a suspicion that Rogers committed suicide soon after he disappeared, but many believe that he is hiding in the woods near by.

SIGNAL HONORS PAID PRINCE LOUIS

All Annapolis Was En Fete Last Night—The Prince Visited the Various Places of Interest.

Annapolis, Md., Nov. 2.—The commander-in-chief of the North Atlantic fleet, the superintendent of the Naval Academy and the governor of Maryland yesterday welcomed Rear-Admiral Prince Louis of Battenberg and the armored cruiser squadron under his command on their arrival in Chesapeake bay. The British squadron, ten steamers past Admiral Evans' squadron, to position about 600 yards inside and came to anchor. Lieut. W. R. Crossley, Admiral Evans' flag lieutenant, boarded the Drake and presented Admiral Evans' respects.

Soon after Lieut. Crossley returned to the Maine, Prince Louis' barge came alongside the flagship and Admirals Evans, Miles, Captain, Ellsbury and Midshipman Treadwell and the fleet officers of Admiral Evans' staff greeted him cordially. As Prince Louis went over the shore shortly afterward he was again saluted with 13 guns.

From the Maine Prince Louis and his flag lieutenant repaired aboard the Alabama, flagship of Rear-Admiral Davis, commanding the second division of the first squadron, where he was similarly received.

His highness was greeted at the Naval Academy landing by Admiral Sands and his aide. Drawn up to render the prescribed salute was a company of marines. Awaiting him was Governor Warfield's carriage, in which the prince and Admiral Sands drove to the latter's residence, whence, after a few minutes, the prince drove to the governor's mansion.

The prince's health was then drunk informally and he returned to the Drake, where he received the return call of Admiral Evans. Later Admiral Sands, Governor Warfield and the commanding officers of the American ships called and the junior officers from the American ships paid their respects to the British junior officers on each cruiser.

In the afternoon officers from the British and American squadrons and the midshipmen crowded the side lines and saw the Naval Academy eleven defeat an eleven from the battleship Missouri in a game of football, 16 to 0.

Annapolis last night was alive with British and American officers and at the Officers' club occurred many reunions, some between classmates, others between Americans and Britishers who have met before.

Everything Claimed Exempt.

MAY BE IMPORTANT.

The Vermont Internal Improvement Co. To Hold a Meeting.

Rutland, Nov. 2.—The Vermont Internal Improvement company, which received a charter from the state in 1902 empowering the corporation to purchase power, gas and electric light plants, and electric or traction roads in the state of Vermont or charters, is, it is intimated, likely to become an important factor in electric railway circles in this state. It has been rumored that several projects are under contemplation and that, on Friday, the 10th, when a meeting of the corporation will be held, stock subscriptions will be received by the commissioners appointed for that purpose. These men are Judge F. M. Butler, George T. Chaffee, William H. Page, Frank C. Partridge and Charles H. West.

Judge Butler stated, Tuesday, that he had nothing to give out until after the meeting, and he knew of no definite plans of the company. His statements were to the effect that no stock subscriptions had been received, so far as he knew, up to the present time.

However, one business man declared not long ago that this corporation had an interesting future and was likely to become identified with some important street railway transactions in this state within the next 10 years. He compared it with the Connecticut Railway and Lighting company with regard to the possible extent of its influence.

IMPRISONED IN ICE OF FAR NORTHWEST

Eleven Vessels, With 440, Are Tied Up and Aid Will Have to Be Sent to Them Soon.

San Francisco, Nov. 2.—Eleven whaling vessels, comprising almost the entire fleet which serve from this city have been caught in the Arctic ocean. They will be unable to get out until next July or August and in the meantime their crews of 440 men must face hardships of a winter in the north.

This news is conveyed in a telegram to Lewis Anderson and Ford & Co. of this city from Capt. H. B. Bodfish of the steamer William Baylies. The message states that only this vessel and the schooner Monterey were able to escape.

The 11 vessels which were caught are the steamer Alexander, Capt. James A. Tillon; steamer Beluga, Capt. B. J. Cumisky; schooner Bonanza, Capt. William Mogg; steamer Bowhead, Capt. John A. Cook; schooner Charles Hanson, Capt. W. S. Eversman; steamer Jeanette, Capt. E. W. Newby; steamer Karluk, Capt. A. H. McGregor; steamer Narwhal, Capt. George R. Leavitt; schooner Olga and steamer Thresher, Capt. W. F. Macomber.

Most of the vessels now in the ice left San Francisco last spring and are not provisioned for a stay in the Arctic. Unless the boats are heard from within a short time it will be concluded that there is no hope for their escape, and the government will be asked to send out a relief expedition to forward supplies to the imprisoned men.

REBATES NECESSARY.

Says General Manager Leads to Commerce Commission.

Washington, Nov. 2.—Admitting that rebates are given to shippers in the California trade by practically all private car lines, J. S. Leake, general manager of the Santa Fe Refrigerator Despatch, yesterday enjoined the inquiry being conducted here by the interstate commerce commission to show the relation between railroads and companies engaged in the business of refrigerating freight in transit. Mr. Leake said these rebates were necessary to his company because all his competitors were granting them. He asserted that he could not break up the practice without precipitating a rate war.

The testimony was confined to the business of the Atchison, Topeka and Santa Fe railway, and the Santa Fe Refrigerator Despatch, which corporations, according to officials of both who were on the stand, are owned by the same interests.

Edward Chambers, freight traffic manager of the Santa Fe railway, stated that the stock of the corporations mentioned is owned by the same interests and that the corporations have the same president.

CONTRACTOR IS KILLED.

Fell 50 Feet from Wallingford's New Town Hall—Death Instantaneous.

Rutland, Nov. 2.—Edwin L. Kilburn of Bellows Falls, a prominent contractor, who was building the new town hall at Wallingford, fell from the roof of the building to the ground, a distance of 50 feet, yesterday afternoon, death being instantaneous. He had gone on the roof to give some directions to his men when the staging gave way. He made an ineffectual attempt to save himself by clinging to a rafter. His neck, one leg, an arm and his collar bone were broken by the fall.

Mr. Kilburn was 34 years of age. He is survived by a widow, a month-old son, two sisters and a brother. The funeral will be held at the Wallingford Hotel Friday afternoon at three o'clock.

NATHAN SENT TO HOSPITAL

Young Man Concerned in
"Suit Case" Mystery

IS IN STATE OF COLLAPSE

Susan Geary's Lover Declares That He
Wants to Do All He Can to Clear
Up the Mystery—Met by
a Crowd.

Boston, Nov. 2.—Morris Nathan, the sweetheart of Susan Agnes Geary, the victim of the "suit case mystery," reached the South Station yesterday afternoon at 4:15 o'clock from Pittsburg. He was taken in a carriage to police headquarters, where he fainted. When the train rolled into the station there were several hundred people, among whom were many women who were anxious to catch a glimpse of the young man in the custody of Detective Smith.

When Nathan got off the train he was met by Superintendent Pierce and Chief of Detectives Watts. They took him into custody, each man taking him by an arm and escorting him to a carriage that was in waiting at the Summer street entrance to the station. Nathan pulled his black derby hat over his face to protect himself against the photographers, who set off flash-lights in an endeavor to get his picture.

The crowd surged about the carriage in an endeavor to see the young man. He walked with a firm step as though making an effort to keep up. The carriage reached police headquarters at 4:23 o'clock. Nathan was escorted into the Superintendent's office. Just as he reached the office Nathan collapsed and came near falling to the floor. Water was hurriedly procured and it was dashed into his face. The young man was so weak that Dr. Dunn, of Station I, was summoned. He worked over the young man for some time, and in a few minutes he was able to talk to officials.

Where Body Was Cut Up.

The police of Boston have come to the conclusion that Miss Geary was treated by a man or woman doctor in Boston, probably on Tremont street—and that she was taken to another house in Roxbury, where she died and where her body was dismembered.

In arriving at this belief the robin's egg blue paper upon which the alleged doctor's certificate was written and upon which the Salem letter was written to Mrs. Geary by her daughter forms a basis.

The doctor's certificate was dated September 10 and posted in Roxbury. That was the evening of the Sunday that Miss Geary left home, ostensibly to join her company in Lowell. It is believed that she was treated by a doctor that day and it will be claimed by the police, probably that Nathan knew that she was absent from the company for that purpose.

The certificate, which said that Miss Geary was ill and could not join the company for a few days, was in the handwriting of a woman. No one heard anything from Miss Geary, so far as it is known, until September 20, when her mother received the letter from Salem. This letter was mailed at 6:30 o'clock on the evening of the 19th at Salem, three hours after the two dress suits had been purchased, so that it is inferred that the girl was dead when the letter was posted.

Nathan's condition last evening was such that he was sent to the hospital for treatment.

MEMBERS OF COMPANY.

Were Put Under Close Questioning at Pittsburg.

Pittsburg, Pa., Nov. 2.—Great crowds surrounded the police station yesterday, where, in a closely guarded inner office, every man and woman in the "Shepherd King" company who is believed to know anything about Susan Agnes Geary, the suit case victim, who was for a time a member of this theatrical company, was put upon the rack by Superintendent Wallace of the local police, Detective McQuade, in charge of this end of the case, and Detective John M. McGarr of Boston. One by one Rita Marie, Eleanor Barron, Stage Manager Forrest, Assistant Stage Manager Brown and Manager Reinhold of the company were taken into the inquisition room.

Each of these persons, especially the girls, was closely questioned as to whether or not the Geary girl ever told them of any doctor to whom she had gone intending to go, and whether or not they knew that any other person besides Nathan ever paid any attention to the dead girl. Brown is the one who received the forged doctor's certificate explaining the girl's absence from the company.

At these witnesses were under close watch by the police throughout the night, and all of them were nervous when they made their way through the crowds into the police station.

Rita Marie was called into the inner room at 11:45 o'clock, and remained until 12:15, when she was led from the presence of the detectives crying, "She almost fainted as she crossed the corridor. After a few minutes' rest she was led out of a private entrance of the building by detectives and taken to a nearby hotel for lunch. The Barron girl accompanied the officers and Miss Marie.

A public dance will be held in the Unity hall Friday night. Good music.

THE STATE CHAMPIONSHIP.

Among Schools to Be Decided at Burlington Saturday.

Burlington, Nov. 2.—The football eleven representing Burr and Burton seminary of Manchester and Goddard seminary of Barre will contend for the interscholastic football championship of the state on Centennial Field Saturday afternoon. These two teams clearly have the right to claim the championship since both have played against strong teams this year and neither has been defeated.

The Burr and Burton team has been coached by Dane, the Vermont player of a few years ago, while Goddard has also received efficient football teaching from good coaches. The game will undoubtedly attract the attention of the preparatory schools of the state as no other football contest has ever done in the past. The game Saturday afternoon will be called at 2:45. The officials will be university of Vermont men.

ARE STILL FRISKY.

Guinea Pigs Who Were Fed on Locust Tree Substances.

Burlington, Nov. 2.—The guinea pigs at the state laboratory of hygiene, which were inoculated with substance taken from the locust trees at the grounds of the St. Joseph's orphan asylum were as frisky and apparently as well yesterday as ever, the poison that the tree is supposed to contain having as yet taken no effect. The pigs were inoculated for the purpose of determining the action of the poison, if it had any effect on the animals. If the guinea pigs show any ill effects they will be examined by the experts at the laboratory and a report of the findings will be made. It is not probable that anything in the nature of a report will be made until Dr. Stone's return.

There were no new developments yesterday in the situation at the orphanage, each of the patients showing rapid improvement while many of them have practically recovered.

TORE OPEN HER WOUNDS.

Mrs. William McDonald of Moretown in Violent Condition.

Moretown, Nov. 2.—Mrs. William McDonald of Moretown Common, who tried to commit suicide Sunday by slashing her throat with a razor, is still alive but in a very precarious condition. Her insanity has changed from melancholia to a violent form, and she has to be constantly guarded lest she do herself injury. On Tuesday while her attendants were out of sight for a short time she tore open the wounds in her neck, so that physicians had to be called to again sew them up.

CHANGE PREVENTED BY CONSTITUTION

Committee on Rules for Vermont Legislature Give Up Attempt to Abolish

One man Call for Yes and
Nay Vote.

Montpelier, Nov. 2.—The special committee which has been at work revising the rules of the Vermont legislature, has finished for the time-being and will meet again at an early date, after Clerk Thomas C. Cheney has completed a draft of the rules proposed. Ex-Gov. W. W. Stickney of Liddlow will be called upon to pass judgment. Last evening Fred A. Howland was with the committee and gave valuable suggestions.

It was learned that in one particular the rules cannot be changed. That is the right for one legislator to demand and get a yes and nay vote is by constitution, so that the committee has given up the idea of amending the rules so that 30 or 35 shall be necessary.

MORE TIME IS GRANTED

In the Collecting of Testimony
Against State's Attorney

FIFTEEN DAYS ALLOWED

Mr. Jackson Also Given Same Length
of Time in Which to Answer
the Findings of Petitioner
Phelps.

An order was handed down by Supreme court this morning, granting the application of Charles A. Phelps for more time in which to secure evidence in his case against State's Attorney S. Hollister Jackson, demanding to know why the latter is holding the office of state's attorney for Washington county, claiming that he is an alien and not entitled to perform the duties of the office.

The court grants the petitioner, Phelps, who is manager for the stock firm of Leighton and company, fifteen days in which to take testimony on two points. These are the testimony of lawyers Benoit and Gildersleeve of Montreal and certain church records in Gill and Petersham, Mass. The application is granted on the provision that the petitioner pay the defendant the sum of \$50 as terms, and the money must be paid over before Tuesday, November 7. Then the defendant will be allowed ten days in which to collect testimony in reply. The petitioner will be given five days to collect rebuttal testimony.

The Sargood poisoning case was on this forenoon. The respondent, Eugene E. Sargood, is now serving a sentence in state prison of not less than seven nor more than eight years in the poisoning case, and for not less than five nor more than six years in the perjury case. One sentence is to follow the other. Sargood was convicted in Bennington county court of poisoning cattle belonging to Robert Blair, and was also indicted for perjury growing out of his testimony before the grand jury. The case comes to supreme court on exceptions to a cumulative sentence, and it is also claimed that the indictment on which Sargood was tried was insufficient. In the matter of the conviction for perjury, a petition is also brought before supreme court for a new trial. One of the grounds for this petition is that when Sargood was convicted his wife would not testify in his behalf, that she is now divorced, is a competent witness and can be procured when wanted.

The Grand Isle county case of R. E. Sampson et al. vs. the town of Grand Isle et al. was argued by A. A. Hall for the plaintiff and Judge M. A. Bingham for the defendant town. This case comes up on a writ of mandamus. The town of Grand Isle voted to sustain a high school and now wants to discontinue it.

Other cases argued were W. H. Morigan, apoc. vs. the town of Bakersfield, apoc. and State vs. Louis Shapp, Jr., both from Franklin county. In the Lamolite county case of Henry H. Sinton vs. the Central Vermont Railway company, in which the lower court the plaintiff was awarded a verdict of \$4,000, an entry was ordered, judgment of the lower court affirmed. The case was called for hearing, but there was no appearance on the part of the railroad.

The next case to be argued will probably be M. E. Lewis vs. John Crane & Sons from Caldon county. This was the first case on the calendar, but was not heard in its order.

A TIDIOUS TASK.

Die for Mormon Monument Has Reached South Royalton.

R. C. Bowers of the R. C. Bowers Granite company of Montpelier went today to South Royalton to superintend the unloading of an immense granite die for the Mormon monument being erected there. The die reached South Royalton this morning. It weighs 21 tons. It will take a week to transport the piece of granite to the site of the monument. The die will be shipped in a week, and it is expected that two weeks will be needed to carry it to the site. The die weighs 45 tons, is said to be the largest polished Barre granite die ever sent out. Taken together the work of transporting and setting up the pieces of this monument is one of the most tedious attempts by local firms.

Mr. Bowers expects to get the work done in time for the dedication, which occurs December 23.
